

JUMPWORDsm LISTINGS

Use JUMPwords for
quick access to all the
features on the
PRODIGY[®] service.

PRODIGY[®]

Interactive Personal Service

Lift this flap for a handy guide to PRODIGY service commands.

PRODIGY Service Commands

COMMAND	*Select with:	What it does	Good to know
ACTION sm	A [RETURN] or F2	Used to order a product.	Used only when shopping.
BACK	B [RETURN] or Page Up	Returns you to the previous screen in a series.	The opposite of NEXT.
FIND	F [RETURN] or F8	Lets you quickly locate and go to the information, products and services you are interested in.	Use FIND when you know what you want, but not where to find it.
HELP	H [RETURN] or F1	Displays information about the screen you're using.	Handy!
?	[?]	Displays information about the particular command or text box where the cursor is located.	Available on most screens. Type ? if you are uncertain about what to do next.
INDEX	I [RETURN] or F7	Displays an alphabetical list of the JUMPword listings.	[TAB] to any item in the INDEX and press [RETURN] to go directly to it.
JUMP sm	J [RETURN] or F6	Opens the JUMPwindow sm so you can type a JUMP- word to go to another part of the service.	Use JUMP when you know where you want to go and want a fast and easy way to get there.

**Macintosh® computer users without extended keyboards should see the Quick Reference of Commands card in their Start-up Kits.*

COMMAND	*Select with:	What it does	Good to know
MENU	M [RETURN] or F9	Returns you to the previous menu screen.	Helps you to retrace your steps. If there was no prior menu, brings you to the GUIDWindows.
NEXT	N [RETURN] or Page Down	Takes you to the next screen in a series.	The opposite of BACK.
PATH sm	P [RETURN] or F4	Takes you to the next place on your personal PATHlist sm .	Use VIEWPATH sm (F3) to see a list of places on your PATHlist or to change them.
REVIEW	R [RETURN] or F10	Provides a list of the last 12 places you have been.	[TAB] to any item in the REVIEW window and press [RETURN] to go directly to it.
TOOLS	T [RETURN]	Used to see and update the personal information you provide to the service.	Allows you to add new members, change credit card data, change your password, etc.
VIEWPATH	V [RETURN] or F3	Used to see or change your personal PATHlist.	[TAB] to any item in the VIEWPATH window and press [RETURN] to go directly to it.
ZIP sm	Z [RETURN]	Returns you to the screen you left when you chose to follow an advertisement.	Handy when you've used LOOK to follow up on an advertisement.

The PRODIGY Service
Directory
of JUMPword Listings

Welcome to the PRODIGY Service JUMPword Listings Directory

[JUMPsm] is the fastest way to get around the PRODIGY service. And JUMPwords are the command words which take you where you want to go. Whether you want to shop at one of our hundreds of online stores, check the latest news or enjoy a fun-filled game, there's a JUMPword that will take you to the right place on the service.

It's easy to use the [JUMP] command. Just press [F6] or [J] and [RETURN] to open the JUMPwindowsm. Type in a JUMPword, press [RETURN], and the service will take you wherever you want to go. (For Macintosh® computer users without extended keyboards, there are some slight differences; please see your Quick Reference of Commands Card.) For a quick online introduction on how to use the JUMP command, [JUMP]: **quick start**.

This JUMPword Listings Directory is a convenient guide to the features available on the PRODIGY service and their accompanying JUMPwords. We've organized and cross-referenced the service content alphabetically by subject so you'll be able to quickly locate the information, news, products and services that best suit your needs and interests.

And now, we've added the FIND function to help you get even more benefit from the PRODIGY service. When you know what you're looking for, but don't know where it is on the service, use FIND. To get to FIND, just press [F8], or [F] and [RETURN], or open the JUMPwindow and choose FIND. Type in your field of interest, such as "cars" or

"vacations," press [RETURN] and you'll see a FINDlist on the topic. This FINDlist shows you the JUMPword that will take you to specific information, products and services related to your selected topic.

Using FIND in addition to this JUMPword Directory will help make the PRODIGY service an even more valuable resource for you because you'll be able to get where you want to go quicker and easier than ever.

This JUMPword Directory was up-to-date at the time of publication. However, due to the dynamic nature of the PRODIGY service, there will always be changes.

When To Use [FIND], When To Use [JUMP]

FIND does not replace the familiar JUMP command; it complements it. Think of it this way: if you know where you're going, use JUMP. If you know what you're looking for, use FIND. When to use which? Here's a side-by-side comparison:

Command:	JUMP	FIND
How to activate it:	Open JUMPwindow; type JUMPword; press [RETURN]	Open JUMPwindow; [TAB] to FIND; press [RETURN]
What it does:	Takes you directly where you want to go	Shows you what's available; takes you where you choose
Who it's for:	People who know where they're going	People who know what they want
What to type:	JUMPword (up to 13 characters)	FINDword (up to 20 characters)

Getting Around The PRODIGY Service

For both newcomers and experts these JUMPword listings are a quick way to access the variety of products, services, news and features that make up the PRODIGY service. Throughout this Directory the description of the feature you seek is listed in the left-hand column, and the JUMPword that will get you there is beside it on the right, in bold type.
